IFR – Multi-Engine

Our Aircraft:

Our Piper Aztec is well equipped for Multi-IFR flying and training. With its Garmin 430 and Sandel Electronic HSI, one would learn one of the most technologically advanced cockpits available for general aviation training aircraft.

Privileges:

The holder of a valid Pilot License that is IFR Multi-Engine endorsed may exercise the privileges of the license in IFR flight conditions, in a multi-engine aircraft.

Prerequisite:

An applicant shall

- (a) Hold a minimum of a private pilots license
- (b) Have completed 50 hours PIC cross country flying
- (c) Have a license that is multi-engine endorsed
